THE FRIARS POINT CANDIDATE FOR REPRESENTATIVE.

The County Site Removal Issue in Coahoma County, Miss.-Why Mr. Scott Has Taken the Field-A Personal Explanation-The Record.

The following matter is presented to the public by the Hon. Daniel A. Scott, of Coahoma County, Miss., as explaining the meaning of his candidature for Representa-

FRIARS POINT, Miss., June 12, 1889. My Dear Sir-I hand you the proceedings of a Democratic convention to which I wish to call your careful attention, for I do not wish to be looked upon or regarded with suspicion by the party throughout the State; the action of those members of the party who oppose the arbitrary measures of a certain element who favor the removal of the courthouse will not in the least affect the ocus standi of our county politics, nor will the party supremacy be in anywise endangered by my candidacy. We acted after consultation with a number of leading Democrats in other sections of the State, and I sincerely hope our Democracy will not be impunged, Respectfully, D. A. Scott.

Proceedings of the Denocratic meeting held here on the 10th instant, in pursuance of the following call:

To all Democrats who dony the authority of the mass meeting which met in Charksdaie on the 28th ult., to matruct the nomines of the conven-tion to supports bill to remove the county site from Friers Point.

You are hereby requested to meet at the courthouse in Friars Point on the 10th inst., to take such action in regard to said resolu-tion of instruction and the candidate nomi-nated as may be deemed advisable to preserve the integrity of the party, prevent the confiscation of the public property and the imposition of unnecessary and enerous taxa-

at which time and place the meeting was called to order by the Hon. D. M. Russell, who stated its object in a few well chosen remarks. A permanent organization was effected by the nomination and election of the Hon. J. T. Townsend as chairman and F. M. Montroy and Rucks Yerger as secre-Mr. R. L. Mayes then introduced and noved the adoption of the following reso-

moved the adoption of the following resolutions:

Whereas, The mass meeting that assembled at Clarksdale, in this county, on the 28th day of May last, instigated and controlled by parties who acted solely in the interest of that town, and in reckless disregard of the maintenance of pure benocratic integrity and supermacy in Coahoma County, prompted by selfish motives alone, saw fit, against the most solemn and earnest protest of the most influential, partiolic and consistent adherents of that party, to pass a resolution looking to the arbitrary removal of the courthouse from its present location in the town of Frian Foint by legislative enactment, and instructed Mr. sam C. Cook, if elected a member of the House of Representatives, to urge the passage of such a law. And, whereas, such resolution, affecting a local, and not a political or party issue, was that contemplated or mentioned in the call in pursuance of which said meeting assembled, and was then and now is antagonistic to the wishes and material interests of the land-owners, tax payers and Democrats of our county, and whereas, Under the leadership of the parties who controlled and instigated raid mass meeting the question of the removal of said courthouse from its present location has been twice submitted to the arbitrament of the people, and on each occasion they have risen in their might and by their suffrances placed the

and instigated raid mass meeting the question of the removal of said courthouse from its present location has been twice submitted to the arbitrament of the people, and on each occasion they have risen in their maght and by their sufrages placed the scal of condemnation on the efforts thus to foist upon them the burden of unnecessary and extravagant textation; and whereas, such elections were hold during the years isso and less? at a time when the present location of said courthouse was claimed to be inconvenient because of the want of railroad connection; and whereas all such objections are now obviated by the location and construction by the Louisville. New Orieans & Texas Railway Company of its line of road and the obligation upon the part of said railway company to forever maintain a depot, which has been actually located within one quarter of a mile of said courthouse. Therefore, be it.

Resolved, That we express in unmeasured terms our indignation not only at the action in said mass meeting in arrogating the power to pass such resolution, but at the unjustinable and undemocratic means to this end resorted to by those whose duty it was to have promoted and fostered the party in creeks. We condemn their action in calling a mass meeting railer than a delegate convention according to the time honored usages of the Democratic party, and we especially and emphatically demounce as a gross outrage that in violation of all party mage and custom, Clarkedule and not the county seed was fixed at the place for such meeting, all of which was planned and executed for the purpose of suppressing the votes of those being crate who cauld and would have attended primary conventions in their respective districts, but owing no third and would have attended primary conventions in the respective districts, but oeting to the linear from the people the privilege of said county would vote against the above mentioned and charge that the call for said mass meeting to said outly we again to the been coroted who is a clarke the was pro

mentioned resolution if the privilege of so doing had been accorded them in primary conventions, he is further.

Resolved, That we denounce all such proceedings as alike unfair, injust and undemocratic and with a majority of the Benucera's of our county protesting against and with four out of five of our bittricks opposed to a removal of our county seas it would be submitted to removal of our county seas it would be submitted in the grand of Democratic party, county states of flagment and costly an outrage on our inspayers. Wherefore, while resfirming our loyalty and divotion is the grand old benuscratic party, county state and National, and while supporting it all clee the section of said mass meeting notwithstanding the elicability of many of its votes and sets, we also intely reputitiate the slowand removal resolution, deny that the said sam C took is entitled to the apport of the Penuccary of our county, and now monimate as the lemmeratic candidate for Representative in opposition to the aforesaid contributes issue unfairly and unjustly loveed upon an already tax righten people by said mass meeting, that alike, pure and life long bennocrat, bannel A. Scott, and commend him to our voters, and confidently call on all true Democrats, right thinking citizens and tax payers to raily to his support.

Hundreds and hundreds of dollars are almost daily pouring into local channels for the relief of Johnstown and other sufferers in the vicinity.

If the aggregate sent up from Memphis is ever reported, it will be found very close to the \$5,000 figure.

As announced in THE APPEAL yesterday, the game of baseball between the Cotton Exchange nine and the Mississippi Valley Athletic Association was played in the afternoon at Citizens' Park. The nines were same as published, and the game was were same as photosned, and the game was a splendid one throughout, played to the regulation nine innings. James Carr um-pired. Dealing with the attraction in that city, the Knoxville Tribune says: "Such an ar-ray of artists was never before put before a Southern audience in a single night. Think of Juch, Perotti, Campanari, Her-bert-Foerster and Von Doenhoff all appearing before the same audience on the same night! This is the event of a life time, and something seldom known, even in the great cities. Knoxville can con-gratulate herself upon having heard the greatest combination of singers upon the
